WIRELESS UPLIGHTING SETUP INSTRUCTIONS

Keep all packaging materials. Uplights must be returned in same box / packaging.

CHARGE BATTERIES FOR 6 HOURS (BEFORE EVENT)

1. To charge all lights using a single outlet: Use a power cord provided to plug one uplight into a power outlet. Then use the other power cords to link all uplights together.
2. Lights are fully charged when indicator light on back turns green, OR when you see 4 red dashes on screen.

PROGRAM COLORS USING REMOTE

1. Turn each light "ON" using the power switch on the back of the light.
2. Point remote control at front of uplight (side with light bulbs) to program colors.
    TIP: Set colors ahead of time; power lights off until event starts. Lights will retain color in memory.
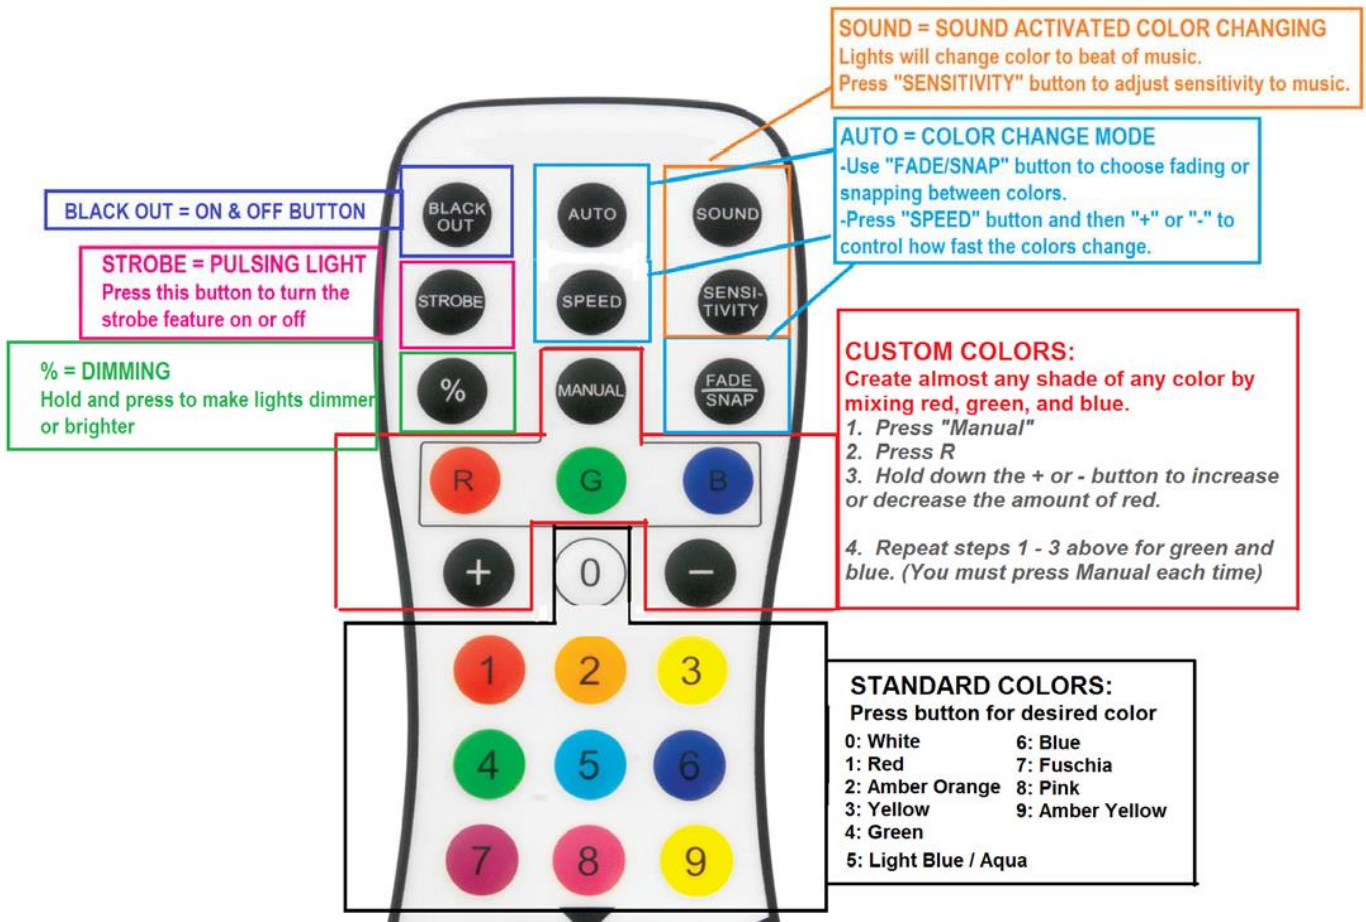

SETUP LIGHTS

1. Place the uplight on floor, close to wall.
2. Loosen knobs, tilt light until it shines up wall, then re-tighten knobs. **You're Done!**

OPTIONAL: PROGRAM COLORS *WITHOUT* REMOTE

You can also program colors without the remote, using buttons on the back of each light. To do this, first find the "rgb" code for your color from the chart on back of this page. Then follow these steps:

1. Press "MENU" repeatedly until "U" shows on the display. Press "ENTER"
2. You should see "**r**" with a number. Press "UP" or "DOWN" to set the "**r**" value for your color. Press "ENTER"
3. You should see "**g**" with a number. Press "UP" or "DOWN" to set your "**g**" number. Press "ENTER"
4. You should see "**b**" with a number. Press "UP" or "DOWN" to set your "**b**" value. Press ENTER. ***You're Done!***
